Shipping & Handling: $ …………………………………………

Total Due: $ …………………………………………

Note: There is an additional 5% fee levied on all items purchased with PayPal due to the administrative costs to us from PayPal. We regretfully need to spread the love. This splits the costs between all the different fees for the different countries. We are sorry for any inconvenience but still find it an easier and less expensive alternative to the international check. The prices remain the same for all who fill out the form by hand and send US funds via regular post.
